## Senate Bill 54 Summary:

Existing law provides that when there is reason to believe that a person arrested for specified violations may not be a citizen of the United States, the arresting agency shall notify the appropriate agency of the United States having charge of deportation matters.

This bill repealed those provisions.

This bill would, among other things and subject to exceptions, prohibit state and local law enforcement agencies from using money or personnel to investigate, interrogate, detain, detect, or arrest persons for immigration enforcement purposes, as specified, and would, subject to exceptions, proscribe other activities or conduct in connection with immigration enforcement by law enforcement agencies
